

Haller Hawks Family Cookbook

Life over the past number of months, as we all know, has been unique. We have all become accustomed to new working environments + school routines, physical distancing and online social gatherings.

Our school community is strong and we all have so much to be thankful for!

We would like to take this opportunity to create the first ever online accessible Haller Hawks Family Cookbook!!

This collaborative project will provide everyone with new recipes to explore together with family, and also showcase the people who are making a difference in our lives the past couple of months...

OUR HAWKS!

If interested please access the google slides here:

add a family photo and your recipe

by May 31, 2020

We hope all of our Haller Hawk families continue to stay strong!
