Dear Families/Guardians,

We hope and pray that your families are doing well during this time. As the 2020-2021 school year comes to a close, we would like to invite our students to have some closure to our year and also complete some tasks associated with return of school materials and retrieval of personal belongings and report cards. It will also be an opportunity to return any learning devices students were loaned from their schools or any textbooks they may have.

We ask that you please read this letter thoroughly so that we can be sure that all protocols are followed and we have a safe experience.

Please carefully review the following schedule based on family last name:

Families who have devices must return them at this time in the same condition they were loaned including the bag and the cord. Chromes will be checked by a staff member upon receipt and checked for any damage; students will also be asked to log out if they did not do so already.
- ❑ Parents are asked to stagger outside, socially distanced, and meet their child at the **exit to the left of the main entrance.**

Please bring with you all school property to be returned on your scheduled visit.

We understand that there is a lot to follow, but our priority is your safety and the safety of our staff.

We thank you for your support and understanding with this.
